Quick Registration

1. Click on the down arrow next to **PM conversation** located at the top left of your tool bar:

2. Now search for the patient by name or DOB. Click on their name, and hit **add encounter** at bottom right:

3. Enter "am" in the top box (as shown below) and click on magnifying glass or hit enter. Select **ambulatory services**. Then click on "ok"

4. Now you will see a large screen.
   a. In the Nurse\Ambulatory box select **home visit**.
   b. Enter in Chief complaint, for example "sore throat"
   c. Enter yourself in attending physician box
   d. In Patient Type box select **home visit**. (Registration will then change it to Telemedicine as that is not offered as a choice initially unfortunately. They check all the quick registrations for accuracy
   e. In Medical Service box select **pandemic health**.
   f. Now click on OK at the bottom.
